SUB: B U I L D I N G S - Municipal Councils - Grant of permission for the conversion of the roofing of existing buildings to one of different type - calling for plans - instructions - Issued.

...

P.T.O.

It has come to the notice of this Department, that certain Municipal Commissioners are granting permission to the conversion of roofing of existing buildings to one of different type without insisting upon plans and detailed particulars. This results at a later stage difficulty in detecting deviations in the building if any made by persons in addition to mere conversion of roof. Commissioners of Municipalities are instructed to insist upon the submission of plans by parties even for proposals involving conversion of roofing of the existing building indicating the proposed conversion in the plans.

A time limit depending upon the extent and nature of conversion should also be fixed up and specified in the orders issued in this connection.
