ORDER:

Under the Panchayat Act 1958, certain statutory functions have been vested with the Panchayats and Panchayat Unions for executing rural development works. Under the Sixth Plan, greater responsibilities have devolved on the local bodies. Execution of schemes like self-sufficiency, Integrated Rural Development, National Rural Employment Programme, etc. call for effective functioning of the local bodies and close supervision of their work.

2. There are 1,322 village Panchayats, 618 Town Panchayat/Panchayat Townships and 376 Panchayat Unions in Tamil Nadu. The work of these local bodies is being coordinated by the District Collector at district level and by the Director of Rural Development at the State level. With the introduction of several special schemes the work load of Directorate of Rural Development has increased enormously, with the result the Director of Rural Development has not been able to give adequate attention to the development of Town Panchayats and Panchayat Townships. Because of this the administration of Town Panchayat/Panchayat Townships has suffered very badly. Hence with a view to ensure effective administration of Town Panchayats, the need for bifurcating the Directorate of Rural Development and the constitution of a separate Directorate solely to be in-charge of the administration of the Town Panchayats has been keenly felt. Representations have been received from Tamil Nadu Arasu Aluvalar Kazhagam (C&D Group) requesting the constitution of a separate Directorate of Town Panchayats.
